

Healthcare Private Equity

Investing in lower middle market companies that are driving efficiencies, improving performance, and lowering costs across the healthcare ecosystem

APPROACH

DOMAIN EXPERTISE:

Leverage 24+ years investing in the healthcare vertical

TALENT:

Infuse talent where needed to drive scalability while respecting entrepreneurial cultures

GROWTH FOCUS:

Drive value creation through organic growth, acquisition, and geographic / channel expansion strategies

COLLABORATION:

Partner with founder-owned and operated businesses

TECHNOLOGY:

Invest in technology to streamline processes and enhance productivity and efficiencies

RESOURCES:

Utilize Executive Healthcare Advisory Council (EHAC) and Portfolio Operations group to support portfolio investments

TARGET COMPANY ATTRIBUTES

- Founder-owned businesses
- Proven organic growth
- Multiple value-creation levers

pacificinterpreters
We understand.

High-quality language services provided by experienced, medically-qualified interpreters to eliminate communication barriers

Evidence-based provider of complex and catastrophic medical management services, primarily focused on catastrophic injuries that occur on the job and result in workers' compensation claims

Healthcare information solutions company that provides outsourced data abstraction to help healthcare providers measurably improve safety and quality of delivered care, while reducing costs

Leading reprocessor and provider of repair services for single-use devices ("SUDs") to help hospitals and surgery centers reduce medical device costs and relieve the regulatory burden of reprocessing SUDs

Outsourced hospital operating room solutions, including on-site surgical technicians and equipment services, for minimally invasive surgical procedures for hospitals throughout the US

Patient-centric network of innovative, freestanding emergency rooms, fully equipped with state-of-the-art diagnostic technology and onsite labs

Healthcare management services company to the eye care sector, providing partnership and support services to market leading ophthalmologists and optometrists

Nationally focused inpatient rehabilitation hospital management company that operates facilities in partnership with acute care hospital partners

Leading provider of behavioral healthcare services for people dually diagnosed with both a mental health and substance use disorder, offering a full range of inpatient and residential treatment options

Dentist collective offering dentistry, orthodontics, and oral surgery services to toddlers, children, and teens, in a comfortable and fun office setting

Healthcare management services company to the dermatology sector, providing partnership and support services to market leading dermatologists

Network of outcomes-based outpatient physical therapy clinics focused on changing the delivery of physical therapy through a consistent, reproducible patient experience
